Attachments: Annual report 2025.docx

Hello,

Here is my report. I have attached our full annual report too incase that is of use.

Report: Denham PCC

The new heating continues to be a great addition to the church. It is more environmentally friendly and is proving to be effective and efficient. The stall at the Christmas fair was well supported and raised over £100. The targeted letter box giving was also quite successful and has raised £150 so far.

The Harvest Service and Remembrance Service were highlights of the year, as was the Service of Light on Easter Saturday. The Carol service was very festive and quite well supported. The monthly Communion Service continues to be held on the fourth Sunday of every month. There was one baptism at the church. Members of the Denham community attend some of the Youth events including Messy Church and the Youth café.

There has been some fundraising this year including the Christmas fair stall. Jemma Thompson very kindly organised a wreath making workshop to raise funds. This was a successful event, and we are hoping this can become an annual event. Funding remains very very tight, so there are plans for more fundraising this year, with a further stall in April and Music Bingo in May. The PCC is exceptionally grateful to the Village Hall team for their kind support of these events. It has made fundraising much easier!

Kind regards,

Helen
